CB HILDEBRAND TERRIFIC TOTS

MARCH 6– DR. SEUSS DAY

“Slow feet, quick feet, fuzzy furry feet...” so many silly feet in Dr. Seuss’ The Foot Book. Today is a day with the wonderful and silly rhymes of Dr. Seuss. We’ll make silly matches that go with his creatures that are only in our imaginations. Imagine those creatures in clothes like we wear! What!/? You mean, like Fox in Socks. Ridiculous! Oh what kind of wonderful thing will you create from your imagination after the story is over?

MARCH 13– ST. PATRICK’S DAY

Shh! We’re going on a leprechaun hunt. If we tiptoe very quietly we just might sneak up on a wee person and if we do, we get to keep the gold! Maybe if we sing some leprechaun songs or call them with our leprechaun jingles, we can get them to peek out. Ms. Judy has some leprechaun stories and a special story about St. Patrick’s Day in the Morning by Eve Bunting. Then it’s tiptoe to the craft table for a little leprechaun crafting.

MARCH 20– DINOSAURS

Listen! I hear a rumble in the library! Look up, up, up! It’s a mighty– and —GIGANTIC—DINOSAUR! Hear Dinosaur Roar (by Paul Strickland)- what is all the Dinosaurumpus (by Tony Mitton) about? Can you believe that dinosaurs can actually do a dinosaur dance? Ms. Judy is going to teach you how today. Get your best dinosaur roar ready because she’s going to need your help as you rhyme and dance your way through today’s ginormous fun.

MARCH 27– MARCH WINDS

Blow, winds, blow! Hold on to your hats for this storytime. The winds are going to be blowing and whisking things all around. What if you were a tree out in the wind? There’s a story about a bet between the sun and the wind and who is stronger. Who do you think is stronger? Ms. Judy will read about our favorite monkey, Curious George, in Curious George Flies a Kite by H.A. Rey. Maybe you can fly your own kite.
